

Play-4-All

Grant

We understand the importance of inclusive play. That's why we've established the Play-4-All Grant, partnering with local schools to fund inclusive play equipment. We believe no child should be hindered by their ability level when playing with their peers. Our grants are available for schools Pre-K through 12. We recognize that there is still a need for developmentally appropriate play beyond 6th grade when traditional play spaces are no longer provided.

Applications must meet the following criteria:

- Must serve students with disabilities between pre-k and 12th grade
- Have a playspace that is not 100% inclusive
- Willingness to provide opportunities, activities, and modeling of inclusive play
- Requests should be limited to no more than \$10,000
- Prioritization will be given to Wood County School Districts and/or districts willing to match the grant
- Funding decisions will be made at the discretion of the Wood County Plays Board Members

Important Dates:

- Grant application submissions are due by May 31, 2024.
- Recipients will be announced before August 1, 2024.

Application Submission:

- By email: info@wcplays.org

Wood County Plays is a 501(c)(3) non-profit organization that designs, fundraises, and builds fully inclusive play spaces.
